

eTwinners in Valueland

ABOUT THE PROJECT

It is a Project on values. We will discuss our common values, their meaning and importance in our lives. We will focus on the chosen values and do creative and fun activities together. We will also make a travel to our unique land called 'ValueLand' and discover values through our collaborative story.

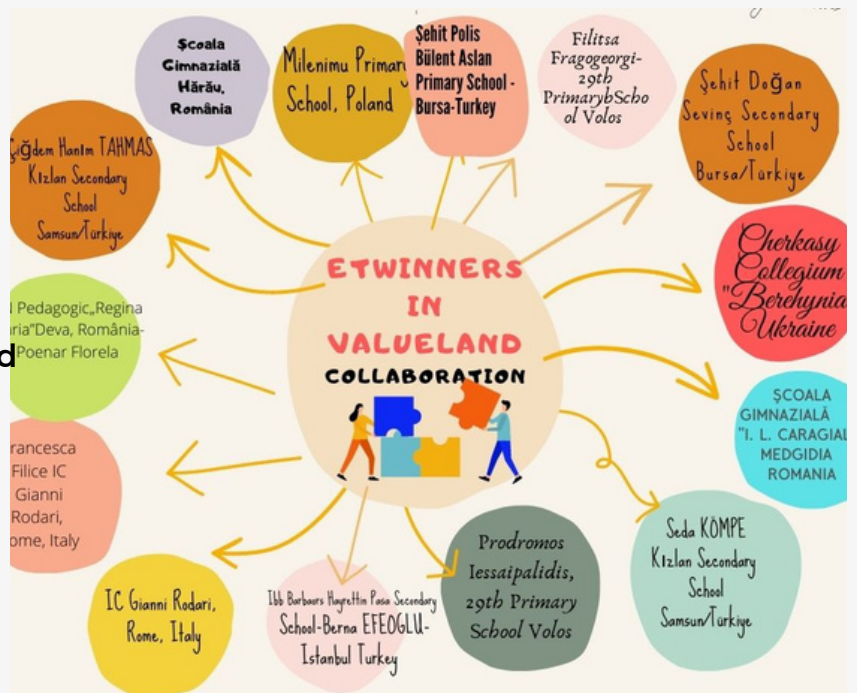

AIMS

- By this project our aims are;
- To teach pupils values and their importance and necessity
 - to learn different country/cultures
 - to improve pupils language skills
 - to improve pupils social and ICT skills and use of web 2 tools
 - to make pupils do creative and analytical thinking
 - to make pupils use their creativity and imagination

EXPECTED RESULTS

With this project;
 Pupils will learn values and their importance and necessity
 Pupils will learn different country/cultures.
 Pupils will improve their language, social and ICT skills and use of web 2 tools
 Pupils will do creative thinking and by using their creativity and imagination will write short stories.
 At the end of project, we will bring our stories together and form an e-book and also we will form a comic strip and make an exhibition
